HyperCube is a liquid-cooling outdoor cabinet suitable for energy storage. It features high safety, a long lifespan, high efficiency, stability, scalability, and rapid response.

The PowerBase is a robust energy storage system on a steel frame with the footprint of a standard ISO 20-foot container. It comes pre-wired and pre-configured to reduce installation cost and delivery time,

Con 80 kWh de capacidad útil y amplio soporte para entradas PV/DC, es ideal para sitios comerciales que buscan almacenar energía solar, desplazar picos de carga o proporcionar protección de

Comprising eight sets of battery units, each harboring a formidable 10.75 kWh energy capacity, the ESS culminates in an impressive total storage capability of 80 kWh.

El gabinete de alto voltaje refrigerado por líquido de 80 kVA / 261 kWh es un minisistema de almacenamiento de energía comercial e industrial (ESS C& I) compacto pero potente, diseñado para

Built with a durable containerized design, it ensures ease of transport and quick deployment, making it ideal for grid stabilization, renewable energy storage, or backup power solutions.

Ideal for home, commercial, and utility backup power, this modern system

By seamlessly integrating leading brands hybrid inverters into the IP55-protected battery cabinet, a compact, easy-to-install, and high-performance turnkey energy storage system is achieved.

Ideal for home, commercial, and utility backup power, this modern system combines high energy and power density with a long lifespan. Its modular design allows for easy installation and expansion,

Available in 64 kWh, 80 kWh, and 96 kWh versions, this system combines performance, safety, and easy installation for your photovoltaic and energy

Available in 64 kWh, 80 kWh, and 96 kWh versions, this system combines performance, safety, and easy installation for your photovoltaic and energy management projects.

SunArk Power has 20+ experience producing energy storage products and 90,000+ systems actively running in 80+ countries, enabling millions of people to enjoy reliable, accessible and clean energy.
