Andrew Blok covered home energy, with a focus on solar, and navigated the changing energy landscape to help people make smart energy

In early 2023, I was riding my e-bike across Grand Rapids, Michigan. It was below freezing and my eyes watered from the cold. Snow started to fall. "It still beats driving," I thought.

Writing and editing to help people navigate the energy transition at home. Covering residential energy including solar and HVAC for CNET. I guide Environmental Monitor toward its vision by...

Writing and editing to help people navigate the energy transition at home.

He's a graduate of the Knight Center for Environmental Journalism at Michigan State and has written for several publications in the Great Lakes region, including Great Lakes Now and

Show more (1 item) In this article: What is the best overall solar company?ADT Solar is CNET's best solar panel company for 2023, for offering strong warranties, quality solar panels, backup batteries

B.A. in Journalism from Seton Hall University. Writer at CNET. Passionate about the written word! Freelance journalist at Wirecutter, National Geographic, Wired, Popular Mechanics
