-----

As the costs of solar panels and wind turbines have fallen dramatically in recent years, renewables now represent the cheapest source of new electricity generation in many parts of the world.

An increased share of renewable energy will significantly reduce the need for diesel imports, the almost sole primary energy source today. The Ministry works closely with the energy regulator the

En resumen, Seychelles es un país con un sistema político democrático y una estructura gubernamental que asegura la separación de poderes y la protección de los derechos de los ciudadanos.

Find solar PV installers, solar pumping, street lighting, maintenance and energy audits in Seychelles.
