We specialize in large-scale energy storage systems, mobile power stations, distributed generation, microgrids, containerized energy storage, photovoltaic projects, photovoltaic products, solar industry

Namibia peak shaving energy storage battery manufacturer. Our certified energy specialists provide round-the-clock monitoring and support for all installed home energy storage systems.

Thanks to CEGASA's lithium battery storage systems, you will instantly enjoy that high energy demand needed at certain times, without having to worry about penalties due to maximum meter or high

HIS-BESS features an intelligent energy management system which regulates the demand for peak shaving. As soon as your energy demand exceeds the maximum kW value from your provider, the

Our expertise allows us to create a bespoke peak shaving system tailored to any Kilowatt range exceeding 250 kW per module. With this flexibility, you can fine-tune your energy management

The Omburu energy storage project is the first independent large-scale grid-side battery energy storage project in Namibia, funded by utility and government grants.

The FreedomWon battery range is modular and scalable, supporting applications such as critical backup, peak-shaving, and hybrid operation with generators or solar assets. Systems can be

The FreedomWon battery range is modular and scalable, supporting applications such as critical backup, peak-shaving, and hybrid operation with generators or solar assets. Systems can be

There is no doubt that ESS Inc will be a key player in energy storage for peak shaving and energy arbitrage for

a more efficient use of the global electricity network with high renewable energy

As part of the project, APR Technologies will commercialize its battery module technology for peak shaving, as well as test and verify the product together with the customer, who will provide expertise

Discover how Peak Shaving Energy Storage Solutions and advanced battery systems can reduce energy costs and improve efficiency for businesses and industries.
