Supply, testing, packing and forwarding, handling (up to receipt at site), insurance, transportation and unloading of 1.65 MWp capacity ground-mounted, grid-connected Solar Photovoltaic (SPV) modules

At SEN EDS, we specialize in the complete lifecycle development of solar energy plants across Andhra Pradesh, providing high-efficiency, regulatory-compliant,

Aligning with the Government's "Make in India" mission and bringing together our core strengths in domestic manufacturing and EPC services over the last 25 years, this 100 MW plant is the largest

About the plant: An amalgamation of our core strengths in EPC services over the decades, National Thermal Power Corporation's Anantpur plant is our largest project that uses solar cells and modules

Kurnool Ultra Mega Solar Park in Andhra Pradesh is a solar park spread over a total area of 24 square kilometres (9.3 sq mi) in Panyam mandal of Kurnool district, Andhra Pradesh, with a capacity of 1000

To plan, develop and operate solar parks to promote generation of solar power most efficiently and economically to meet the energy requirements of Andhra Pradesh in a sustainable manner thereby

Aligning with the Government's "Make in India" mission and bringing together our core strengths in domestic manufacturing and EPC services over the last 25 years, this 100 MW plant is the largest
